

CHURCH FARM, ASHINGTON, WEST SUSSEX.
Summary of significant geophysical anomalies.

1. Magnetic anomalies.

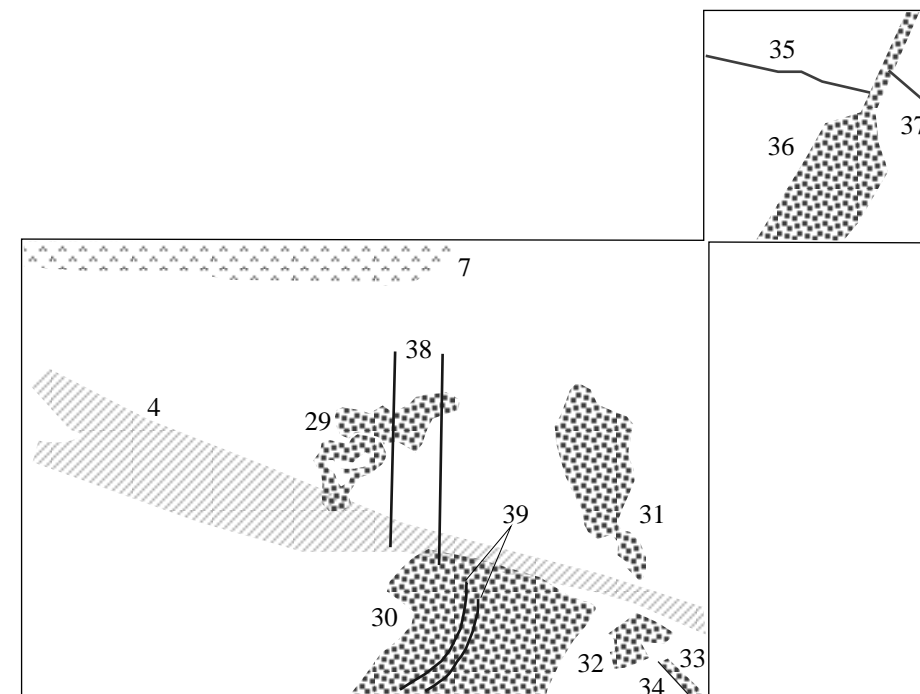

-  Positive magnetic anomaly
-  Negative magnetic anomaly
-  Tentative magnetic anomaly
-  Magnetic disturbance
-  Thermoremanent anomaly
-  (Tentative) Positive linear magnetic anomaly
-  Negative linear magnetic anomaly
-  High magnetic susceptibility
-  Geological anomaly
-  Agricultural anomaly

0  60m
1:1000

2. Earth resistance anomalies.

-  High resistance anomaly
-  High resistance linear anomaly
-  Low resistance anomaly
-  Low resistance linear anomaly
-  Geological anomaly
-  Agricultural anomaly
